ASSIGNMENT OF TRADEMARKS

This trademark assignment (the "Assignment") is made as of this 22nd day of May, 2015 by Bose Corporation, a Delaware corporation, having a place of business at The Mountain Road, Framingham, Massachusetts 01701 ("Assignor") to TA Instruments-Waters L.L.C., a Delaware limited liability company, having a place of business at 34 Maple Street, Milford, Massachusetts 01757 ("Assignee").

WHEREAS, Assignor and Assignee are parties to the Asset Purchase Agreement dated as of May 22, 2015 (the "Agreement") providing for the execution and delivery of this Assignment by Assignor to Assignee;

WHEREAS, Assignor is the owner of the trademark applications and registrations identified on Schedule A and Schedule B (the "Assigned Marks"); and

WHEREAS, Assignee desires to purchase or acquire all of Assignor's right, title and interest in and to such Assigned Marks;

NOW, THEREFORE, subject to the terms and conditions of the Agreement, the parties hereto, intending to be legally bound, agree as follows:

1. Assignor hereby sells, conveys, assigns and transfers to Assignee all of Assignor's right, title and interest in and to the Assigned Marks, together with the goodwill of the business connected with the use of, and symbolized by, the Assigned Marks, inclusive of (a) all rights of priority therein in any country as may now or hereafter be granted to Assignor by law, treaty or other international convention, and (b) all rights, interests, claims and demands recoverable in law or equity, that Assignor has or may have in profits and damages for past, present and future infringements of the Assigned Marks, including, without limitation, the right to compromise, sue for and collect such profits and damages; the same to be held and enjoyed by Assignee, its successors and assigns or their legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made.

2. The trademark applications listed on Schedule B are being assigned as part of the entire business or portion thereof to which the marks pertain, as required by Section 10 of the Trademark Act, 15 U.S.C. § 1060.

3. From and after the Closing Date, Assignor shall, without further consideration, execute and deliver such instruments of transfer, conveyance, assignment and assumption, and do all acts necessary or proper to consummate this Assignment and to vest and confirm in Assignee, its successors and assigns, the legal title to all Assigned Marks and the goodwill of the business connected with the use of, and symbolized by, the Assigned Marks.

4. Nothing in this Assignment, express or implied, is intended to or shall be construed to modify, expand, supersede or limit in any way the terms, conditions or obligations of the Agreement. To the extent that any provision of this Assignment conflicts with or is inconsistent with the terms of the Agreement, the Agreement shall control and govern.

5. Capitalized terms used herein without definition shall have the meanings set forth in the Agreement.

6. This Assignment shall be governed by, and construed in accordance with, the laws of the United States, in respect to trademark issues and in all other respects, including as to validity (except for trademark issues), interpretation and effect, by the laws of the State of Delaware without giving effect to any choice or conflict of laws provision or rule (whether of the State of Delaware or any other jurisdiction).

7. This Assignment may be executed in any number of counterparts each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.
